

Residential Recycling - Monthly Overview (July '16)

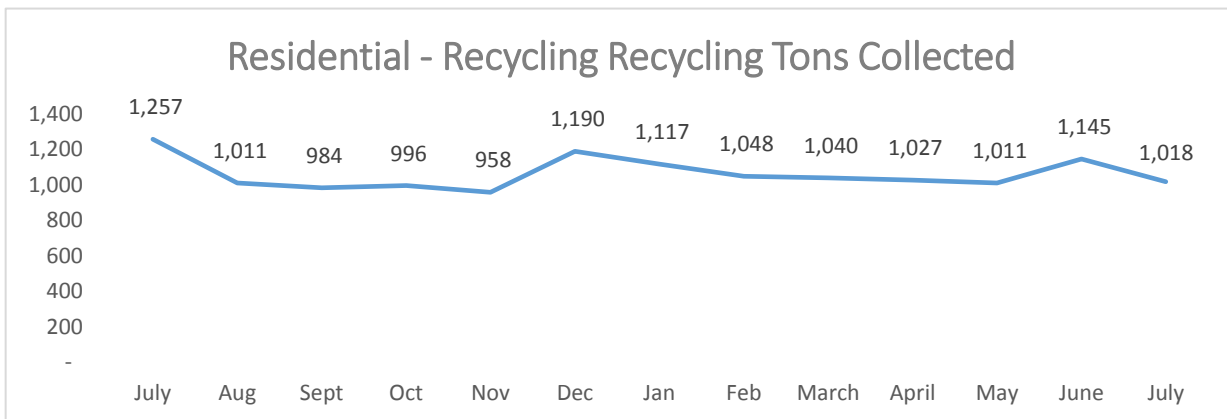

* Recycling Revenue = Net amount paid to the City after the \$20.00/ton processing fee

** Diversion savings = \$37.50/ton recycled (fees saved by not disposing this weight at county facility)

* Set-out rate = the % of containers set-out for collection on any given week (this is different than participation rate - the % of residents participating at least once during a longer period of time)
